DORSAL

Smart Module
Designed
for MiR Robots

Work on track.

DORSAL module properties

AUTONOMOUS work

CUSTOMIZABLE
transport platforms

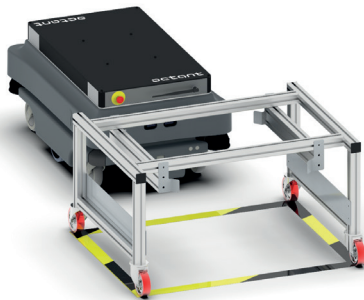

EASY TO USE
easy programming

Maximizes **MIR ROBOTS** potential

DRIVE-THROUGH PICK UP
no need for docking stations

COMPACT DESIGN – overall dimensions similar to MiR

WEIGHT

16 kg

DIMENSIONS

805x445x70 mm

HEIGHT OF MIR WITH DORSAL

426 mm

PULLING FORCE

up to 250 kg with MiR100,
up to 400 kg with MiR200

HMI

2x E-Stop buttons, 1x Reset button,
1x Manual button

OPERATING VOLTAGE

24VDC from MiR

INGRESS PROTECTION (IP) RATING

IP40

ADDITIONAL EQUIPMENT

dashboard cam, blue spot lamp
